

Celebrating Life and Serving Others
By Ramon Olivas

My name is Ramon Augustine Yubeta Olivas.

I was so blessed growing up with a family of light and love.

My maternal and paternal grandparents celebrated life by playing music, dancing, and having continuous family gatherings in Nogales Arizona and Tucson Arizona.

Since we lived in Tucson, most of my images were those in Tucson.

My older sister Lupe Olivas took many photos of family gatherings.

I guess she was my photographer mentor because I took many photos of family gatherings, school and community based activities.

I try to capture the beauty in life.

My daughter Crystal also takes pictures, and she's a Mariachi!

The beauty in life kept me balanced during the Covid experience.
